

FINANCIAL EDUCATION WORKSHOPS

Owning a home is the American Dream. It's a great way to create wealth... to build a nest egg for college or retirement... and to protect against life's setbacks. It starts with being smart about money. Our Financial Education Workshop can guide you through the key steps in being smart with your money. Such as:

- ❖ Establishing a workable monthly budget;
- ❖ Setting financial goal(s) to save a certain amount of money each month— then stick to it;
- ❖ Watch spending and prioritize your family's spending habits, so savings becomes second-nature
- ❖ Understanding affordability ratios and determining your ratios and purchase price limits.
