**ASSISTANCE BECOMES A SECOND MORTGAGE**

The assistance funds provided by the City of Cocoa will become a SECOND MORTGAGE. The second mortgage will be recorded in the Public Records of Brevard County. It is a ten (10) year, Deferred Payment Loan (DPL) at zero percent (0%), forgiven at ten percent (10%) per year.

- The property must remain the principle residence of the homebuyer for entire lien period (five or ten years).
- Leasing the premises for any period of time is deemed a default.
- Property must be maintained and in good repair.
- Interest is zero percent (0%) on the loan EXCEPT in the case of default, at which time the remaining balance shall accrue interest at five percent (5%).
- Death of the mortgagor: Passing of title due to the death of the mortgagor to other than a spouse or co-mortgagor is deemed a default.

If the property is sold or the title is transferred at any time during the lien period, the City of Cocoa will require that the Owners must sell the unit in accordance with HOME Purchase Assistance Program **Resale guidelines**. The Resale Option described at 24CFR 92.254 is triggered in the event that the house is sold or occupied by anyone other than the Owners during the affordability period. Non-compliance with the residency requirement will require the immediate payback of HOME funds invested into the property unless the house is sold.

**RESALE PROVISIONS:**

When Owners sell the property, either voluntarily or involuntarily, during the affordability period:

- The property shall be sold to another eligible low-income homebuyer who will use the property as his or her principal residence throughout the period of affordability.
- The Owners receive a fair return on investment. "Fair Return" is defined as the return of the homeowner's original investment plus any capital improvements, with copies of receipts, not to exceed the newly assessed value at the time of sale. Capital Improvements exclude maintenance; and,
- The property is sold at a price that is "affordable to a reasonable range of low-income buyers." The City's definition of affordable to a reasonable range of low-income homebuyers is defined as a family at 70 to 80 percent of area median income paying no more than 30 percent of income for principal, interest, property taxes, and insurance.
